

Hose Assemblies

Many other hose lengths, end combinations and assemblies are available. Please call us for any custom requirements.

Warning: Hose Assembly Ratings:
Working Pressure: 10,000 psi.
Burst Pressure: 20,000 psi.
For Industrial Use Only.

Warning: These hoses are for use with hand operated grease guns only. Inquire regarding additional warnings. Consult "rubber manufacturers association hose handbook" for proper operating procedure.

10750 Popular for lubricating plug valves, The 10750 is relatively easy to use and requires minimal maintenance.

10756 A "live" swivel allows the GPH coupler to rotate freely while the hose is pressurized. This hose assembly is popular for lubricating plug valves.

10775 Screw Connection Hose Assembly for lubricating vent cap fittings. 18" overall length hose with screw connection coupler.

11013 The Thumb Screw Pressure Release on the GBH coupler makes it easier to disengage from the lubricant fitting if there is residual pressure. This assembly is standard with the 10635 Screw Prime Grease Gun Assembly.

11313 Similar to the 11013, This hose assembly has a 1/2"-27 (female) inlet fitting.

10876 A pressure gauge allows for more lubricating efficiency and accuracy. A "live" swivel allows the GPH coupler to rotate freely while the hose is pressurized.

10650 In-Line Pressure gauges allow for more lubricating efficiency and accuracy.

10746 Combining both Straight and “Z” live swivels for the ultimate in high pressure flexibility, this ultimate hose assembly includes a shut-off relief valve and a control valve.

10861 A Perfect Combination of options for maximum functionality. The Z-Swivel gives truly universal hose flexibility. The heavy-duty GBH coupler with pressure release valve make pumping and disengagement from the lubricant fitting easier.

10660 Combining both Straight and “Z” live swivels for the ultimate in high pressure flexibility, this popular hose assembly includes a shut-off relief valve and in-line gauge.

Gauges

Gauges Stainless Steel Construction

Model	Description	Connection
10873	15,000 psi Gauge, Bottom Connector (2.5" Face, Liquid Filled)	1/4" NPT(m)
10599	20,000 psi Gauge, Bottom Connector (4.0" Face, Liquid Filled)	1/4" NPT(m)
11184	Gauge Cover • 2.5"	
11475	15,000 psi Gauge with Cover (10873 + 11184) (2.5" Face, Liquid Filled)	1/4" NPT(m)
11468	15,000 psi Gauge, Back Connector (2.5" Face, Liquid Filled)	1/4" NPT(m)

Many other gauges, gauge-tees, valves and assemblies are available. Please call us for any custom requirements.

Live Swivels

■ Pressurized Hoses Will Not Twist!

Live Swivels

Model	Description	Connection	Weight
10641	Basic Connectivity	1/4" NPT(m) x 1/2"-27 NS taper (m)	0.3 lbs
11337	Basic Connectivity	1/4" NPT(m) x 1/4" NPT(m)	0.6 lbs
11589	Basic Connectivity	1/2" NPT(m) x 1/2" NPT(m)	0.8 lbs
10642	90° • Flexible	1/4" NPT(m) x 1/2"-27 NS taper (m)	0.6 lbs
10764	90° • Flexible	1/4" NPT(m) x 1/4" NPT(f)	0.6 lbs
10744	" Z " True Universal Flexibility	1/4" NPT(m) x 1/2"-27 NS taper (m)	1.0 lbs
11011	" Z " True Universal Flexibility	1/4" NPT(m) x 1/4" NPT(m)	1.0 lbs
11219	" Z " True Universal Flexibility	3/8" NPT(m) x 1/2" NPT(m)	1.5 lbs
11613	" Z " True Universal Flexibility	1/2" NPT(m) x 1/2" NPT(m) (Includes Bushing)	1.8 lbs

Live Swivels allow pressurized hoses to effectively swivel providing ergonomic positioning of the gun or applicator increasing speed and safety.

Gauge Tees

No adapter is required when assembling Dualco Grease Guns with Dualco Gauge Tees.

Gauge Tees

Machined, Rated to 10,000 psi

Model	Description	Material	A	C
10637	1-1/4" Hex 4140	4140 / ZP	1-1/4"	1/4" NPT(m)
10844	1" Hex	Steel / ZP	1"	1/4" NPT(m)
10620	1-1/4" Hex w/ Check Valve	Steel / ZP	1-1/4"	1/4" NPT(m)
11331	1" Hex	Steel / ZP	1"	3/8" NPT(m)
B = 1/4" NPT(f) • All Tees				
D = 1/4" NPT(f) • All Tees				

Special order and standard tees are available.

Carry Straps

Lightweight and strong. This robust strap includes Shoulder Pad, Hooks, Rings and Link.

- Adjustable and extends to 46"
- Weight 3-3/4oz.

10616	For Screw Prime Grease Guns
10644	For Hydraulic Grease Guns

Button Head Couplers

Specifications

Model	Description	Service	Connection
10595	Standard Button Head • Regular Duty	Pull-On	7/16" - 27 NS(f) inlet
10670	Giant Button Head • Regular Duty	Pull-On	7/16" - 27 NS(f) inlet
10630	Giant Button Head • 10670 + 10629 Adapter	Pull-On	1/8" NPT(f) inlet
10665	Standard Button Head • 10595 + 10629 Adapter	Pull-On	1/8" NPT(f) inlet
10890	Standard Button Head • (Ø 5/8") with Adapter	Push-On Only	1/8" NPT(f) inlet
10730	Giant Button Head • Regular Duty	Pull or Push-On	7/16" - 27 NS(f) inlet
10860	Giant Button Head • Regular Duty	Pull, Push or Hook-On	7/16" - 27 NS(f) inlet
10850	Giant Button Head • Heavy Duty • Nylon Piston	Pull, Push or Hook-On	1/4" NPT(f) inlet
10855	Giant Button Head • Heavy Duty • Steel Piston	Pull, Push or Hook-On	1/4" NPT(f) inlet
10885	Giant Button Head • Heavy Duty • Steel Piston w/ Internal Auto Shut-off	Pull, Push or Hook-On	1/4" NPT(f) inlet
10335	Giant Button Head • Heavy Duty • Steel Piston w/ Pressure Release	Pull, Push or Hook-On	1/4" NPT(f) inlet
10990	Manual Shut-off Relief Valve (In-Line Accessory) • 1/4" NPT(m) outlet		1/4" NPT(f) inlet
10629	Coupler Adapter • 7/16"- 27 NS(m) > 1/8" NPT(f)		

We have a complete selection of connectors, adapters, tools, hose assemblies and optional equipment. Please contact us with any questions or special requests.

Safety First!
Use only Genuine Dualco Parts. Contact Dualco for repair, or rebuilding procedures.

GBH Couplers
Internal Parts

10670
Regular Duty

Key	Description	Part No.
1	GBH Coupler	10670
2	Cap	10623
3	Gasket	10624
4	Spring	10625
5	"O" Ring	10626
6	Piston • Nylon	10627
7	Coupler Body	10628

10630
Regular Duty

Key	Description	Part No.
1	Coupler Adapter 7/16"- 27 NS(f) inlet.	10629
2	Coupler G.B.H.	10630
3	Coupler Cap	10623
4	Coupler Gasket	10624
5	Coupler Spring	10625
6	Coupler "O"-Ring	10626
7	Coupler Piston (Nylon)	10627
8	Coupler Body	10628

GBH Couplers

Internal Parts (cont.)

10850 Heavy Duty

Key	Description	Part No.
1	GBH Coupler Heavy Duty (H.D.)	10850
2	Plug (2 Required)	10602
3	Cap	10848
4	Gasket	10624
5	Spring	10856
6	"O" Ring	10626
7	Piston • Nylon	10627
8	Coupler Body	10847

10335 Heavy Duty with Pressure Release

Key	Description	Part No.
1	GBH Coupler H.D. w/ Pressure Release	10335
2	Relief Valve	11180
3	Cap	10336
4	Gasket	10624
5	Spring	10856
6	"O" Ring	10626
7	Piston • Nylon	10627
8	Plug	10602
9	Body	10847

10885 Heavy Duty Auto Shut-Off

Key	Description	Part No.
54	GBH Coupler H.D. w/ Auto Shut-off	10885
55	Plug (2 Required)	10602
56	Cap	10848
57	Gasket	10624
58	Spring	10856
59	"O" Ring	10039
60	Piston • Steel, Shut-off	10863
61	Body	10868

Producing Professional lubrication products since 1960. Products are made and assembled in the USA. 100% Repairable and Recyclable.
